

EARTH OBSERVATION BROKER ENERGY

Have your say to ensure this demonstrator
has a positive impact.

EARTH OBSERVATION BROKER ENERGY

The EOBroker (Energy) is an interactive tool for the Oil and Gas community to:

- Discover and explore Earth Observation-based services and products
- Stimulate the uptake of Earth Observation products in the Oil & Gas sector
- Facilitate engagement between Earth Observation suppliers and users

Have your say to ensure this demonstrator has a positive impact. Provide your feedback by visiting: **EObroker.com/your-feedback**

This is an ESA funded project delivered by a consortium led by GeoCento.
